

## Glencoe Winter Season Fair Share Commitment

Realizing that families have different abilities to pay, we have a voluntary three-tier program. You may choose the rate most suited for your family. This program is voluntary and does not change the experience students receive. There are no questions asked and no documentation needed. Rate 1 reflects the actual operating cost of the winter season while Rate 2 and 3 are subsidized by our year-round fundraising efforts. Additional financial assistance is available through our scholarship program. For financial assistance, fill out our Scholarship Form, or contact Mr. Adams.
